

Family #227**Family Story (please do not include names for privacy)**

This is a family of three whose mother is currently receiving disability benefits and unable to work due to rheumatoid arthritis. Mom has difficulties trying to maintain the household since she cannot work. Her six year old son has difficulties at school and has ADHD which makes hard for him to remain on task at school. I feel this family would be a great candidate for the program.

Parent/Guardian Name

Makela

Parent/Guardian Sex

Female
