

2021 Christmas Adopt-A-Family

FAMILY#: 41

Number in household: 3

Race: Black

Family currently has Covid. Mom is unable to work due to quarantine and her children being home from school for 3 weeks. She will return to a full time job but the loss of income for those few weeks will be hard to replace. She was in a car accident right before they caught covid so she is also having to pay for her car to be fixed out of savings and did not expect to have that expense right before Christmas.

Mother

Age: 30
